2023**

Note from the President:

Hope you enjoyed the Spring weather. Lots of “May gray” and “June gloom”. But the weather is looking better.

Unfortunately we had to cancel our April contest. And there have been some issues with the Perris flying field. But, I think it’s all been fixed.

We have a contest scheduled for September 9-10 this Fall. This will be our first contest since May 2022. So, now you have a couple of months to build, repair, and test your planes. I hope you all can attend and enjoy the flying and comradery.

Cheers,

John Hutchison
