Spring 2022

Note from the President:

This past year has been an “*interesting*” year, to say the least. Our September 2021 contest was wonderful. I am looking forward to our next contest this coming May 14-15, 2022, at the Perris field.

Unfortunately, the Indoor contests at Grossmont College, understandably, had to be cancelled due to Covid. Maybe we can resume in the Fall semester this year. Keeping my fingers crossed.

We have the Flyer posted for the May contest listing the events. So, you have time to start building new planes or fixing the old one. Hope to see everyone there.

Cheers,

John Hutchison
