Summer 2022

Note from the President:

The Scale Staffel May contest was excellent. We had a good turnout. The weather was a bit warm, but most of the participants flew early before the heat and the breeze came up. Great to see our flying friends again. I'm still looking for someone to take over the San Diego Scale Staffel club. If you're thinking about it let me know.

A couple of the classes have been eliminated for the upcoming September 10-11, 2022 contest due to lack of participation. We eliminated "Simplified Scale", and "2x Peanut Walt Mooney Design".

William Scott joined us on the field with a booth for his PT Aviation Company. He conducted his own competition called "Double Nickel".

We are in the process of looking for a new indoor flying venue. But we are still hoping we can use the Grossmont Gym maybe in the Fall semester. Fingers crossed...again.

The Flyer for the September contest has been posted on the website. So....you have a few months to repair the old or build new planes. Looking forward to seeing everyone then.

Cheers,

John Hutchison
